TIME—The sale will start at 12:30 p.m. on Tuesday, January 8, 1957.

TERMS—The terms of this sale are cash unless other arrangements are made in advance with the consignor from whom you purchase. Settlements are to be made with the clerk of the sale immediately at the conclusion of the auction. All stock will be at buyer's risk as soon as bid off and will be loaded in compliance with instructions from purchaser.

GUARANTEE—All cattle are sold subject to a 60 day retest for tuberculosis. Health certificates will be furnished to enable them to be shipped into any state or territory. Bulls are guaranteed breeders if properly cared for and not allowed to run with the herd. If a bull fails to breed he may be returned to the seller if in as good condition as when sold; if, after a test in the seller's herd he still fails to breed he will be replaced or the purchase money will be refunded. All cows with calves at foot are considered breeders and no further guarantee is made with respect to them. All other cows and all heifers over sixteen months old at the time of sale are guaranteed to be breeders. Animals returned to sellers because they do not comply with guarantee will be at buyer's cost of transportation.

Any claims for adjustment because an animal is a non-breeder must be made within ninety days of the date of the sale.

Foreword

The 17th ANNUAL TRI-STATE SHORTHORN BREEDERS' SHOW AND SALE to be held at SIBLEY, IOWA, on TUESDAY, JANUARY 8, 1957 is without a doubt the strongest bull offering this sale has ever made. In it's 17 year history this sale has established an enviable reputation as a place for breeders and farmers to buy improving herd bulls. Each year new consignors have been added, and each year new bloodlines are offered for old customers. The offering has annually sold to many states over a wide area.

If you will study the catalog carefully you will note that the richest bloodlines are offered. Note that a proven imported-in-dam bull sells, that many are by top imported bulls, the others are by proven American bred bulls. All are out of proven producing dams.

The bulls offered contain good 3-year-olds, rugged 2-year-olds, and the balance outstanding yearlings. Every bull is old enough for service.

The females, though limited in number, are the improving kind.

However, this has always been primarily a bull sale, and without a doubt this year's offering of bulls will rank with the very best in this Mid-West area.

The Tri-State Sale is proud of a long list of satisfied customers, so why not join them on sale day, January 8, at Sibley?

GLASSEL COMMAND—Is a bull of good scale, great depth of body, wonderful bone and the best of color. His sire, Bapton Command, was one of the Kirkton Hercules calves that made the top average at Perth in 1953. Bapton Control, twin brother to Command, was first in his class and later sold in the Argentine for a record price. Both Aldie Bequest and Phopachy Admiral were Perth Junior Champions. We have used this bull two years and have heifers close to breeding age by him, or he would not be for sale. He has proven himself a great sire and we will try to have some of his get available for inspection sale day.
